Americans have a paradoxical relationship with cities, Steven Conn argues in his new book, *Americans Against the City: Anti-Urbanism in the Twentieth Century* (Oxford University Press, 2014). Nearly three-quarters of the population lives near an urban center, the result of a centuries-old, global trend that reflects not just industrialization but the role cities have played as engines of economic, social, cultural, intellectual, and political life.

“To look at the plan of a great City is to look at something like the cross-section of a fibrous tumor,” he notes in an infamous bit of anti-urban vitriol. But Wright’s poorly reasoned prejudices are well known. Americans Against the City is at its best when it reveals unsuspected caches of such sentiment.

Americans Against Antisemitism was established by former New York State Assemblyman Dov Hikind to bring together a broad cross-section of Americans who are prepared to combat growing antisemitism when and where it's needed most. Through engaging educational content and social media communications AAA is building its partnership network and volunteer base so that we can continue to mobilize activists on the ground to hotspots of antisemitism throughout the country.

But his entry into the world of writing was through the anti-Popular Front scene in New York. The organizations and cultural movements that grew to oppose the Popular Front redrew the contours of Black radicalism. But paradoxically, the Popular Front itself influenced thousands of African Americans to join the communist party.
